

5 REASONS TO GET YOUR CANCER SCREENING

You can take control of your health; make appointments to get your cancer screenings.

STAY HEALTHY

your family depends on you

PEACE OF MIND

most screenings show you DON'T have cancer

PREVENTION

screenings can detect a pre-cancerous condition

GET TREATED

screenings can detect cancer early, when it is readily treatable

YOU'RE COVERED

most screenings are covered by most health plans (at little or no cost to you)

AVAILABLE CANCER SCREENINGS

Mammogram and breast self-exam (breast cancer)

Colonoscopy (colorectal cancer)

PSA and digital rectal exam (prostate cancer)

PAP test and HPV test (cervical cancer)

LDCT scan (lung cancer)

Full body skin exam by a dermatologist (skin cancer)
