

Onsite Health Care Clinics

Managed by Johns Hopkins Medicine

World-Class Health Care — at Work

Reduced productivity. Unplanned time off. Out-of-pocket costs. For your employees and your organization, medical expenses can add up fast, and can quickly spiral out of control.

Johns Hopkins Medicine leverages 40+ years of occupational health expertise to provide employers with onsite clinics that deliver timely, accessible care to their entire workforce.

40+ years of occupational health expertise

With Johns Hopkins Onsite Clinics, Employees and Employers Realize Benefits

Both save on medical costs

Workforce stays on-the-job and productive

Reduces health and organizational risks

Timely access to care helps improve long-term health

Your One-Stop Solution for Your Workforce's Complex Needs

Occupational Health

Routine/Episodic Care

Preventive Care

Health Promotion

Johns Hopkins Onsite Clinics can also be customized to add additional services to fit your organization's unique needs, such as **physical therapy, chiropractors, chronic illness support, mental health** and more.

The Johns Hopkins Difference

135 years
of Johns Hopkins
clinical excellence
(evidence-based)

Hands-on oversight by
Johns Hopkins **leaders in
Occupational Health**

**Services that are built for
you** – not “one-size-fits-all”

\$1 spent = \$3.61 saved

Onsite clinics **save money** for
employers AND employees.

Staffed by reliable **Johns Hopkins Medicine clinicians** - the
heart of the program:

- Low turnover
- Authentic and trusting
relationship with employees
- Higher-quality care leads to improved employee health

Average clinician
tenure is **10+ years**

Easy access to Johns Hopkins services, expertise and
best practices

**Customizable EMR and easy-to-use patient
portal** for scheduling appointments or virtual
care

Unparalleled **consistency of medical care** due to multiple levels
of oversight

Experience in **various industries**, from manufacturing to legal

Long-standing, progressive partnership with us

*“Our focus at Johns Hopkins
is not on the number of clients
or clinic locations we staff and
manage, but rather on forming
progressive, longstanding
partnerships with our clients.”*
